

# The Predatory Wasp Of The Palisades Is Out To Get Us chords by Sufjan Stevens

Difficulty: novice

## CHORDS

Very easy and straight-forward for most beginners. Song is in 3/4 time so strum/pick accordingly! These chords aren't in the same key as the song, but you can fiddle with moving them half or whole tones up/down to get it right, or to get it so you can sing comfortably with it :)  
Enjoy!

D                      Bm  
Thinking outrageously I write in cursive  
G                      Em  
I hide in my bed with the lights on the floor  
D                      Bm  
Wearing three layers of coats and leg warmers  
G                      Em  
I see my own breath on the face of the door

D              Bm  
Oh I am not quite sleeping  
G              Em  
Oh I am fast in bed  
D                      Bm  
There on the wall in the bedroom creeping  
G                      Em  
I see a wasp with her wings outstretched

D                      Bm  
North of Savanna we swim in the palisades  
G                      Em  
I come out wearing my brother's red hat  
D                      Bm  
There on his shoulder my best friend is bit seven times  
G                      Em  
He runs washing his face in his hands

D              Bm  
Oh how I meant to tease him  
G              Em  
Oh how I meant no harm  
D                      Bm  
Touching his back with my hand I kiss him  
G                      Em  
I see the wasp on the length of my arm

 Oh great sights upon this state! Hallelujah!  
**D Bm G Em D**  
 Wonders bright, and rivers, lake. Hallelujah!  
**D Bm G Em D**  
 Trail of Tears and Horseshoe Lake. Hallelujah!  
 (We were in love we were in love, palisades palisades, I can wait I can wait)  
**D Bm G Em D**  
 trusting things beyond mistake. Hallelujah!  
 (We were in love we were in love, palisades palisades, I can wait I can wait)

**D Bm**  
 We were in love. We were in love.  
**G**  
 Palisades! Palisades!  
**Em**  
 I can wait. I can wait.

**D Bm G Em D**  
 Lamb of God, we sound the horn. Hallelujah!  
 (We were in love we were in love, palisades palisades, I can wait I can wait)  
**D Bm G Em D**  
 To us your ghost is born. Hallelujah!  
 (We were in love we were in love, palisades palisades, I can wait I can wait)

**D Bm G**  
 I can't explain the state that I'm in  
**Em D**  
 The state of my heart, he was my best friend  
**Bm G**  
 Into the car, from the back seat  
**Em D**  
 Oh admiration in falling asleep  
**Bm G**  
 All of my powers, day after day  
**Em D**  
 I can tell you, we swaggered and swayed  
**Bm G**  
 Deep in the tower, the prairies below  
**Em D**  
 I can tell you, the telling gets old  
**Bm G**  
 Terrible sting and terrible storm  
**Em D**  
 I can tell you the day we were born  
**Bm G**  
 My friend is gone, he ran away  
**Em D**  
 I can tell you, I love him each day  
**Bm G**  
 Though we have sparred, wrestled and raged  
**Em D**  
 I can tell you I love him each day  
**Bm G**  
 Terrible sting, terrible storm  
**Em ...D**  
 I can tell you...
