Tonya Harding, my star

**F C**  
Well this world is a cold one

**G D**  
But it takes one to know one

**F C G**  
And God only knows what you are

**C G/B Am D**

Just some Portland white trash

**F C**  
You confronted your sorrow

**G D**  
Like there was no tomorrow

**F C G**  
While the rest of the world only laughed

**C G/B Am D**

Triple axel on high

**F C**  
A delightful disaster

**G D**  
You jumped farther and faster

**F C G**  
You were always so full of surprises

**C G/B Am D**  
Are your laces untied?

**F C**  
What's the frown on your face for?

**G D**  
And just what are the skates for now?

**F C G**  
Tell me which is your good side?

**C G/B Am D**  
Are you lonely at night?

**F C**  
Do you miss all the glory

**G D**  
And the mythical story

**F C G**  
Of the Olympian life?

[Instrumental]

**F/A C Am D**

**F G C**

[Verse]

**C G/B Am D**  
Yamaguchi in red

**F C**  
She had high rise and roses

**G D**  
And red-carpet poses

**F C G**  
And her outfit was splendid

**C G/B Am D**  
Nancy Kerrigan's charm

**F C**  
Well she took quite a beating

**G D**  
So you're not above cheating

**F C G**  
Can you blame her for crying?

**C G/B Am D**  
Tonya, you were the brightest

**F C**  
Yeah you rose from the ashes

**G D**  
And survived all the crashes

**F C G**  
Wiping the blood from your white tights

**C**            **G/B**            **Am** **D**  
Has the world had its fun?  
                 **F**            **C**  
Yeah they'll make such a hassle  
                 **G**            **D**  
And they'll build you a castle  
**F**            **C**                            **G**  
Then destroy it when they're done
